Revised scale of pensions to the Peishcars and writers attached to the Cavalry Regiments.

SECTION Daily
FILE No. 161-93
SERIAL No.

The Peishcars and writers of the Cavalry Regiments are enter-tained on the same terms as other mounted ranks. They pay the usual Chunda donation and subscribe to the Fund throughout their service and should maintain their own horses. The late Military Secre-tary however did not insist on their keeping a horse and this unauthorised act gave rise to an erroneous idea that the Peishcars were "civil" employés in the Mili-tary Department. Their pensions were consequently calculated ac-cording to Civil rules on their total pay and in this was included the horse allowance. It thus came about that while the Sowars and other ranks who were entertained on conditions similar to those of the Peishcars got their pensions in accordance with a fixed Mili-tary scale, the Peishcars drew under the Civil rules pensions calculated on half their total pay amounting to nearly four times that of their military comrades. This glaring inconsistency between pensions of men enlisted under similar conditions was of course never intended by Govern-

entitled to, <u>calculated on the old method</u> or to accept the re--vised method of calculation and continue in service.

Accordingly some of the Peishcars of the Imperial Service Regiment have chosen to retire and the rest to accept the revised pension and continue in service.

vide Chief Commandant's letter No 2517 dated 1st April 1901 marked (E)

Peishcars of the Local Service Regiment(the present petitioners) may be given a simi--lar permission.

The petitioners refer to the Chief Commissioner's Order of 1875 repeated in the Mysore Service Regulations Articles 353.

The fact is that theComptrol--ler's Office ought to have noticed the error in calculation long ago.

It was never intended that the Comptroller should include for purpose of calculation of pension of the Peishcar, the sum he received for the feed of a horse.

FOR ORDERS.

DATED 24/28 December 1900.

Subject

Revised scale of pensions for the Peishcars and writers attached to the Mysore Cavalry Regiments.

Submitted for orders.

Peishcars and writers are entertained on the same terms as the other mounted ranks.

That is to say, they pay a donation to the Chunda on their entertainment, and subscribe to the Fund during the whole term of their service.

Although of late years the Military Secretary to Govt. has not insisted on their maintaining a horse, there is not the slightest doubt that their pay is intended to cover the feed of a horse.

This fact has however been lost sight of and as the pensions of these Officials are calculated according

A revised scale of pensions f this class of men is therefore sub mitted herewith, providing for pensions similar to those of the corresponding mounted ranks.

As regards the men now in the service they ~~will~~ may be given the option of accepting the new rates or taking three months' warning and retiring on the pension to which they will be entitled in accordance with their pay and service. A draft order to that effect is also put up for approval.

Sir,

In returning the enclosure of your docket No 2154 of the 18th February 1901, I am directed to invite your attention to this Office letter No 1665 of the 23rd idem, and to point out that the petitioner and all other Peishcars should be given to understand that no alteration of previous Orders is intended. The fact is that the pensions of Peish--cars previously pensioned have been miscalculated. The horse allowance which should have been omitted has been included in the calculation. Government therefore to prevent any feeling of hardship have directed that Peishcars who so elect may at once retire on gratuities or pensions calculated at these erroneous rates, but if on the other hand they elect to remain in the service they must understand that they will be only entitled to the pensions now clearly defined.

Dewan of Mysore.

Most honored sir,

We the undersigned Surgeons Lieutenants of the Local Service Regiment, Mysore, most respectfully beg to submit this our humble petition for your honors gracious re-consideration.

We beg to state that hitherto our pensions were calculated on our full pay and we were given the full benefit of Section 320 of the Mysore Service Regulations in accordance with the orders published

published by the Chief Commissioner
of Mysore in 1875 with the approval
of the Government of India and
proceedings confirming the same
were passed by the Government
of Mysore in the years 1885 1892, 1899
and even so recently as 1900. It
is now our misfortune to find
present that this assurance to us
has recently been withdrawn by
Government in their Proc^{gs} no.
1383-5/76 dated 15th January 1901 and
further it is pointed out in the
Military Assistants letter no 1720
7/61-99 1900
dated 2nd March 1901, that the
undermentioned to above were
miscalculated and that portion
of the pay which was hitherto
held as substantive ought
to have come under "house
allowance" and that in
future

for kind perusal.

Even when reduction of Establishments is ordered by Government it is usual to provide officials of such establishments with appointments of similar in other Departments thus making room for them to Continue in service; whereas the effect of the Govt order in question will put an end to our service unless we submit ourselves to the restrictions.

Under the above circumstances We earnestly pray that your honor may be pleased to restore the old pension rules and allow us to Continue in service for

some years more though some of us have put in the required period of service entitling us for full pension, in view of the poverty & destitution hanging heavily upon us. Should the Government insist on the introduction of the recent rules (vide Govt order 1383-5/76, dated 15th January 1901) we your humble petitioners most respectfully beg that the above order may not affect us and the same be given effect to in Cases of persons who may join service hereforward.

In Conclusion we most humbly solicit that the applications

Most Respected Sir

We the humble memorialists most respectfully beg to intrude upon your excellency with these few lines for your benign & favorable consideration

We beg to submit that by the introduction of the pension rules into the Military Department, the clerical establishment designated as Surpeshkars & peshkars were entitled to half the emoluments of their pay towards their pension as in the case of civil officers, while the executive staff viz Regimentdar Rispaddars & non commissioneds &c were entitled to less as per Military Rules.

This continued without interruption until the organization of the Imperial Service Regiment in the year 1899 whereby the number of Officers were increased as also their pay fixed highly [redacted]

and the designation of the former was changed to that of Regimental Squadron Writers with the right to their pay in proportion to the number of years they have served. The reason for this change evidently is chiefly particular to Boroughbridge. The question of granting the pensions to the Gunners stationed there is referred to the proposal to establish a beneficial Act to the Clerical establishment. A beneficial Act, for the pension of the Artificers is fixed at half their pay and that of the former ever of their pay at the end of their year.

The Regiment consists of a Regimental Staff and Regimental Officers and we are called upon to express our opinion on proportionate pensions, that the service put on by us may accrue or to obtain upon relative appointments binding ourselves to the present scheme. Our prayers to the Military Assistant that
